Workbook p. 33 number 5 *Words compound nouns* a + b

4 **Extra** WRITING Describing an object ▶ p. 55 • WB (pp. 81–82)

Describe an electrical appliance¹ in a short paragraph. You could choose something in the classroom, school, at home (kitchen, bathroom, garden) or something from your personal things. Use a dictionary for unknown words and spellings.

Describe the object's **shape**:

square, round, oblong, flat, narrow, wide, straight sides, long, short ...

its **material**:

made of metal, steel, wood, glass, plastic, paper, leather, even/uneven surface, waterproof, strong, heavy, ...

its **size**:

large, small, tiny, thick, thin, about ten centimetres, high, tall, wide, deep ...

its **colour**:

bright red, dark blue, -ish (yellowish) ...

its **texture**: *hard, soft, rough, smooth, sharp*

its **general appearance**: *looks like .../is similar to ...*

Start your description with the general appearance. Then continue with details, like colour, etc. Use comparisons, for example for the size (*bigger than ..., not as big as ..., about the same size as ...*). Be as exact as possible. Use suitable adjectives, relative clauses, linking words, passive verb forms. Write in the present tense.

My object is .../The object I am describing is ... I'm going to describe something that ...

WB, pp.
53–58

5 **WORDS** Compound nouns ▶ p. 57
